## 2018 tower pinot noir

*the hand of the vintner*

The Tower is our true north. We gather our inspirations, map out our dreams and goals. Our hope is to capture something that inspires us, that we want to share. Vintners often overuse certain keywords to describe their wines. We are probably guilty too. But this wine demands specific terms of adornment. Elegant, playful yet coy. A keeper, a drinker. A convincing argument for the doubtful.

This is a wine of its time and place. The warm and balanced growing season in a vineyard tucked away in the coastal range has created a classic Pinot Noir of focus & purity. The 2018 vintage draws fruit from two vineyards set in the Yamhill-Carlton AVA. A single blend is created each year to showcase the nuances of the vintage as interpreted by distinctly different sites.

This Pinot Noir opens with the freshness of the season's first Rainier Cherries, the red fruit profile intensifying with precision and energy. On the palate, brambly fruit leads into savory wild herbs. The juicy acidity plays against the velvety palate and polished tannins. The freshness and vibrancy of cherries and red currants persist through a long finish.
