

Suzor Wines

2019 eola-amity pinot noir

a new adventure

An exploration of a new terroir, nestled alongside iconic vineyards of the Willamette Valley. A chance to explore beyond our origins, creating wines of depth and intention, built on relations with good people and great places.

This two barrel selection of Pommard in once used French oak barrels is our take on the Eola-Amity Hills. Powerful fruit layered with spice and minerality, handled with a light hand.

Aromas of strawberry jam, cedar, lavender, and bergamot play alongside one another, subtly building complexity. This wine comes to life on the palate, with a darker profile of complex and rich flavors, including ripe blueberries and dried candied orange.
