2019 menefee pinot noir

a sense of place

With this single vineyard Pinot Noir, we return with a second exploration into the beauty of Menefee. Picked on October 7th, this wine explores the nuances of the vines and surrounding wildlife.

This two barrel selection brings together the structure of Pommard and the perfumed elegance of 115 to best portray the balance of the 2019 vintage. Aged in once used French barrels, this wine shows the purest expression and beauty of a cooler site set in the coastal range.

Our 2019 Menefee Pinot is bright, lithe, and supple. Pure red fruit is driven from the red volcanic clay soils. On the nose, red forest strawberry aromas are layered with dried herbs and floral notes of violet. On the palate, bright red fruit comes forward with freshness and purity.
